

Walter Bethke GmbH & Co. KG

Technische Kunststoff - und Hybridprodukte

Product Group KBKPMTSM

Cable sheath set for writing and working tables, accessories inclusive

Standard Colours

- black

Material

- Coating: fabric
- Plastic parts: Polypropylene (PP)
- Base: powder coated steel

Product information

- KBKPM Tex is the high quality solution for users who want to completely encase cables.
- A KBKPM chain link with Velcro tape is integrated in each end section, which can therefore be easily removed.
- Cables can be installed quickly and cleanly at any time.
- All KBKQUA and KBKPM accessories can be combined with this system.

Product options on inquiry

- Variants with Velcro, zipper and buttons are producible.
- Matching the respective furniture series, we use high-quality leather, alcantara or fabrics according to customer requirements.
